

Health, safety and environmental policy

Endevco sustains a rich and healthy environment for the present and future by maintaining a high standard of health, safety, and environmental performance. We take responsibility for human health and well being. Our goal is natural resource preservation and avoiding the potential for the contamination of air, water and land.

- › Endevco is committed to continual improvements in the effectiveness of its health, safety and environmental management systems and the prevention of accidents and environmental pollution.
- › Endevco sets and reviews objectives, measurable targets and plans to achieve them, to ensure continual improvements.
- › Endevco uses internal communication, orientation and training procedures to ensure this policy is understood and implemented at all times.
- › Endevco is committed to comply with all applicable laws and regulatory requirements and to provide this policy to the public upon request.
